Semi-automatic blow molding machine UPF-30

Output for bottle volume: 3,0-10,0 l - 300 bottles/h

30,0-40,0 l - up to 80 bottles/h

Bottle volume - 10,0-40,0 l

Neck diameter - up to 120 mm

Blowing pressure - up to 35 bar

Low pressure - 8-10 bar

Compressed air demand - 1,9 m³/min

Cooling liquid temperature - 8-12 °C

Voltage supply - 400V / 50Hz

Installed power - 20 kW

Overall dimensions - 2485 x 810 x 2440 mm

1980 x 760 x 2190 mm

Weight - 1700 kg + 500 kg
